

VP930

Reliable, rugged and quiet as a mouse

- perfectly suited to demanding, large area cleaning

Dual speed function on selected variants

HEPA H13 exhaust filter for top rated filtration level maintaining a high quality of air within the cleaning area

Durable steel container and 15 litre dust bag

World class famous dry vacuum cleaner

Nilfisk VP930 is the reliable partner for demanding cleaning applications in hotels, schools, offices and hospitals. Rugged and stable with a large dust bag capacity of 15 litres.

The ingenious design optimises air flow patterns and reduces energy losses to an absolute minimum, offering one of the quietest professional vacuum cleaners in the world.

The result is tremendous suction power with fantastic durability. This is what keeps our customers returning for the VP930 year after year.

- Excellent sound level
- Outstanding durability with sturdy steel container
- High quality components
- High filling capacity
- HEPA H13 exhaust filtration as standard

Parking solution as standard

The VP930 is the perfect choice for demanding applications such as offices, hotels and public buildings

VP930 is specially built for noise sensitive areas with a low comforting background sound pressure level from only 53 dB(A)

Shhhhhh!

For even quieter operation in noise sensitive areas such as day time cleaning in offices, hospital ward or vacuuming and cleaning in hotels without disturbing or waking up the guests, the VP930 is the right choice for you. With its fantastic sound pressure level of only 53 dB(A), daytime cleaning will be a true option with VP930.
